

**Phi's Top ten Safety Reminder Tips  
June 2010**

1. Use your brain. Look, observe and think at all times.
2. Anticipate and be prepared at all times.
3. Don't drive in the middle of your lane, very oily.
4. Cover your brake and clutch levers at all times.
5. Ride often to keep your skills high.
6. Don't show off or hot dog it.
7. Keep your rubber side down at all times, the bike can stop faster.
8. Give yourself plenty of personal riding space. Keep your distance from the traffic ahead and behind you.
9. Know the riding limits of your bike and yourself.
10. Drive like cars don't see you, because they don't!
